Your letter recieved in Regarde dates for May 15-16-17-18-19th as you know we have made all arrangement for the above dates and have secured the parks in the three citys

Notice these dates dont have any thing to do with dates you will arrange with Percy and Reddick later in the season You wrote and asked us to arrange these dates.

You will hear from us First of the week prices that we will charge this season as you know heavy tax and we will have to charge more. and will let you know how many placards we will need.
